This exhibition features the memories of Redditch residents past and present, many recently recorded and never displayed before.

Where possible, these memories have been illustrated from documents and photographs in the society's archives. If you have memories of Redditch from anytime over the last eighty years, why not get in touch and help us Record Redditch's history for future generations to enjoy.

Three For Free Memories Days

Buying a ticket to visit the exhibition at Forge Mill entitles you to three more Visits without further charge.

Why not make the most of it on our special themed "Memories Days"?

Three days when we will bring along additional material, photographs, films and documents to help you relive those memories, and perhaps share some more for our archives.

Each day is themed and we have chosen three themes which we think will appeal to all.

So please delve into those drawers, lofts, and under-stair cupboards to dig out any old photos and bring them along to share with others.

At each day there will be RLHS members to show you the new material and to listen to your memories.

The exhibition is open from 11:00am to 4:00 pm on these days and refreshments will be available at the exhibition.

You will also have the opportunity to visit the permanent exhibitions on site of Needle Making and Needle Memorabilia and the story of Bordesley Abbey excavations and the artefacts discovered there.

The 2019 My Redditch Memories exhibitions runs from Thursday 31st October to Sunday 24th November at the National Needle Museum at Forge Mill, Redditch. B98 8HY
